Educational and Conference Center, entrance G
T. Koszarowski Main Hall (1st floor)

BRINGING RESEARCH INSIGHTS INTO CLINICAL IMPLEMENTATION

Funded by
the European Union

Horizon Europe Grant Agreement n. 101103746

Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union. Neither the European Union nor the granting authority can be held responsible for them

Introduction to CCI4EU

CCI4EU (Comprehensive Cancer Infrastructures for Europe) is a Coordination and Support Action (CSA) geared towards developing or improving existing or future Comprehensive Cancer Infrastructures (CCIs) by fostering research innovation and digital capacity development in cancer care.

Over the course of 3 years, CCI4EU will develop a Maturity Model with quality indicators to map the status of CCIs in all EU Member States and five Associated Countries.

Up to 9 sites will be selected for Deep Dive interventions to help them build their capacity in specific domains. Along with this, tailored online courses, conferences and resources will be developed to open up capacity building to a wider audience, thus contributing to the Horizon Europe Mission on Cancer: ensuring 90% of cancer patients have access to Comprehensive Cancer Infrastructures by 2030.

Introduction to the Conference

Discover how research can transform clinical practice at CCI4EU's upcoming conference on "Bringing Research Insights into Clinical Implementation".

This event is the first of three that will be held over the course of the project. It will offer individuals and teams guidance to build their capacity and develop their infrastructures.

Participants will be offered the opportunity to present their research and innovation case studies and discuss them. Whether the project was a resounding success, faced challenges, or it is still ongoing with unresolved issues, we want to hear about it.

The gap between research findings and clinical implementation poses a significant challenge in healthcare. Bridging this gap is essential to ensure that the latest evidence is incorporated into patient care effectively.

Learning Objectives

Understand the importance of capacity building in research and innovation

Learn how to develop a research programme

Identify the ways to bring research findings into clinical settings

Enhance collaboration between Stakeholders and other research centres

Explore real-world case studies and examples of successful/unsuccessful and ongoing research

Participant's Profile

People involved in translational research

People involved in innovation or technology transfer

Clinical trialists

Directors of science

Comprehensive Cancer Hospital leaders

People dealing with complex data issues for translational research

People involved in precision cancer medicine and molecular tumour boards

People involved with secondary cancer prevention

Conference Programme

October 9

Day 0

Afternoon

Arrivals and accomodation

Evening

Free time

October 10

Day 1

8:30 - 8:40

Welcome of the Host

Beata Jagielska – Director MSCI – Warsaw

8:40 - 8:50

Welcome & Introduction

Chairs: Giovanni Apolone, Iwona Ługowska, Simon Oberst

8:50 - 9:10

What is capacity building in research and innovation?

Simon Oberst

9:10 - 9:30

Discussion

9:30 - 9:50

What are the main pathways to bring research insights into clinical practice

Ralp Harold

9:50 - 10:00

Discussion

10:00 - 10:30

Coffee break & Networking

10:30 - 10:50

Research and innovation in the diagnostic pathway

Kjetil Tasken

10:50 - 11:00

AI example in Poland

Jan Poleszczuk

11:00 - 11:20

Discussion

11:20 - 11:40

Next generation design of clinical trials

Ulrik Lassen

11:40 - 11:50

Next generation of secondary prevention

Ugo Pastorino

October 10

Day 1

11:50 - 12:10

Discussion

12:10 - 12:30

Federated Data Hubs

Peter Nagy

12:30 - 12:40

Exemplar: The work of Digicore

Gennaro Ciliberto

12:40 - 13:00

Discussion

13:00 - 14:00

Lunch

14:00 - 16:00

Breakout Session

4 groups + 2 Faculty members in each group, 4 cases per group

Conference rooms: Plenary (First Floor) – Rooms № 1, 3, 4 (Ground Floor)

16:00 - 16:30

Coffee break + Networking

16:30 - 18:30

Breakout Session

4 groups + 2 Faculty members in each group, 4 cases per group

Conference rooms: Plenary (First Floor) – Rooms № 1, 3, 4 (Ground Floor)

20:00

Working Dinner at the Novotel Warszawa Centrum

October 11

Day 2

Faculty

8:30 - 8:50	Molecular diagnostics in practice <i>Maud Kamal</i>
8:50 - 9:00	How to organise molecular tumour boards <i>Susana Aguilar Izquierdo</i>
9:00 - 9:20	Discussion
9:20 - 9:40	Research and innovation in radiation oncology (incl. Proton Therapy) <i>Jozsef Lovey</i>
9:40 - 9:50	Leading examples of radiotherapy clinical trials <i>Cai Grau</i>
9:50 - 10:10	Discussion

10:10 - 10:40 Coffee break & Networking

10:40 - 11:00	How to develop a research programme in Central/Eastern Europe <i>Peter Nagy</i>
11:00 - 11:10	Example from central European country (Poland) <i>Piotr Rutkowski</i>
11:10 - 11:30	Discussion
11:30 - 11:50	How to collaborate with other research centres <i>Iwona Ługowska</i>
11:50 - 12:00	The example of Alleanza contro il Cancro <i>Paolo De Paoli</i>
12:00 - 12:20	Discussion
12:20 - 12:30	Closing remarks <i>Giovanni Apolone, Iwona Ługowska, Simon Oberst</i>

12:30 - 13:30 Lunch & Departures

Susana Aguilar Izquierdo	Vall d' Hebron Institute of Oncology (VHIO), Barcelona, ES
Giovanni Apolone	Fondazione IRCCS, Istituto Nazionale dei Tumori, Milan, IT
Gennaro Ciliberto	Istituto Nazionale Tumori Regina Elena, Rome, IT
Paolo De Paoli	Alleanza Contro il Cancro, Rome, IT
Cai Grau	Aarhus University Hospital, Aarhus C, DK
Ralp Herold	European Medicines Agency, Amsterdam, NL
Beata Jagielska	Maria Skłodowska-Curie National Research Institute of Oncology, Warsaw, PL
Maud Kamal	Institut Gustave Roussy, Villejuif, FR
Ulrik Lassen	Finsen Center-Rigshospitalet, Copenhagen, DK
Jozsef Lovey	Oslo University Hospital, Oslo, NO
Iwona Ługowska	Maria Skłodowska-Curie National Research Institute of Oncology, Warsaw, PL
Peter Nagy	National Institute of Oncology, Budapest, HU
Simon Oberst	Organisation of European Cancer Institutes, Brussels, BE
Ugo Pastorino	Fondazione IRCCS, Istituto Nazionale dei Tumori, Milan, IT
Jan Poleszczuk	CliniNote, Warsaw, PL
Piotr Rutkowski	Maria Skłodowska-Curie National Research Institute of Oncology, Warsaw, PL
Kjetil Taskén	Norwegian Radium Hospital, Oslo, NO

Organisation

Accommodation and Travel

- ✓ 2 night's accommodation (9 and 10 October) organised for all selected participants at **Novotel Warszawa Centrum**

📍 ul. Marszałkowska 94/98, 00-510 Warsaw, Poland

- ✓ Flights to and from Warsaw organised by the conference travel agency

- ⚠️ Extra accommodation and accompanying guest not organised or covered by the project, as well as extra travel costs such as taxi, car park, refreshments, etc.

Transfers

- ✓ Transportation of participants to and from the conference venue organised by buses

October 10

October 11

Additional info

Language

- ⚠️ The conference will be held in English and translation will not be provided.

Insurance

- ⚠️ The organisers bear no responsibility for untoward events in relation to the participation in the event.
