### PARTICIPANTS LIST – WOF

<b>Matti Aapro</b>	Genolier Cancer Center; Genolier President, SPCC President All.Can Genolier	A medical oncologist with a specific interest for Breast Cancer, Supportive Care and Geriatric Oncology, Dr. Aapro works with SPCC (Sharing Progress in Cancer Care), a not-for-profit educational entity which explores diverse areas of interest for patients and health care providers worldwide. All.Can wants to contribute to a world in which patients are always at the heart of sustainable cancer care, using existing resources in optimized ways. The All.Can group comprises leading representatives from patient organisations, policymakers, healthcare professionals, research and industry from across the world.
<b>Cary Adams</b>	Union for International Cancer Control (UICC)	Chief Executive Officer of UICC which unites and supports nearly 1200 member organisations in 170 countries working on advocacy, convening and capacity building globally.
<b>Adriana Albini</b>	IRCCS IEO European Institute of Oncology Milan	Senior Scientist, IRCCS European Institute of Oncology (IEO), Milano; Academic Research Manager, DiGiCore (Digital Institute for Cancer Outcomes REsearch), Brussels; Chair, Cancer Prevention Working Group, AACR (American Association for Cancer Research).
<b>Claudia Allemani</b>	Cancer Survival Group London School of Hygiene and Tropical Medicine	Professor of Global Public Health. She is co-PI of the CONCORD programme for the global surveillance of trends in cancer survival, and PI of the VENUSCANCER project on world-wide patterns of care and survival from breast, cervical and ovarian cancers.
<b>Benjamin O. Anderson</b>	World Health Organization (WHO) Department of Noncommunicable Diseases University of Washington Departments of Surgery and Global Health Medicine	As WHO medical officer from 2021-2023, Dr. Anderson led the launch of the Global Breast Cancer Initiative (GBCI) Framework to guide countries in improving breast cancer outcomes through early detection, prompt diagnosis and treatment to completion.

### PARTICIPANTS LIST – WOF

<b>Caroline Berchet</b>	OECD, Health Division	Caroline Berchet (PhD) is a health economist at the OECD Health Division, working on a broad variety of topics related to both data and policy analysis. Her work on data focuses on health system performance assessment framework, and on the policy side, Caroline manages the OECD work on cancer care.
<b>Nirmala Bhoo Pathy</b>	Universiti Malaya, Kuala Lumpur	Nirmala Bhoo-Pathy is a Professor of Epidemiology in Faculty of Medicine, Universiti Malaya, and practices as a public health physician in Universiti Malaya Medical Centre, Malaysia. Dr. Bhoo Pathy's career is focused on optimizing life after cancer in resource-limited settings through research and advocacy. She is particularly interested in the state of cancer control in low- and middle-income countries and enhancing treatment outcomes and patient-centered outcomes in these settings.
<b>Christopher Booth</b>	Professor of Medical Oncology, Queen's University, Kingston	Dr. Booth's research program explores access, quality, and value of cancer care in Canada and globally. He works closely with colleagues within the National Cancer Grid of India, Pallium India, and the WHO Essential Medicine List Cancer Working Group. Dr. Booth co-leads the Common Sense Oncology movement which seeks to ensure that cancer care, research, and policy is focused on outcomes that matter to patients.
<b>Federico Caligaris-Cappio</b>	Fondazione AIRC (Italian Association for Cancer Research), Milan	AIRC Scientific Director. AIRC aim is "finding the cure of cancer through research". We support cancer research in Italy through grants and fellowships and raise awareness of the research progress and the importance of prevention.
<b>Andrea Capocci</b>	Il Manifesto, Le Scienze/Scientific American, Rome	Andrea Capocci is a science writer at the daily newspaper "Il Manifesto" and a contributor at the monthly magazine "Le Scienze/Scientific American". He has a PhD in Theoretical Physics and has written two essays, "Networkology" (Il Saggiatore, 2011) and "Il brevetto" (Ediesse, 2012).
<b>Fatima Cardoso</b>	President, ABC Global Alliance Director, Breast Unit, Champalimad Clinical Centre Lisbon	President of the ABC Global Alliance, a multi-stakeholder platform for all those interested in collaborating on common projects relating to advanced breast cancer (ABC), aiming to improve and extend the lives of patients living with ABC worldwide.

### PARTICIPANTS LIST – WOF

<b>Franco Cavalli</b>	Foundation for the Institute of Oncology Research (IOR) Bellinzona	President of the Foundation for the Institute of Oncology Research, which manages the oncology laboratories (IOR) located in Bellinzona (Switzerland), the International Conference on Malignant Lymphoma (ICML) and the International Extranodal Lymphoma Study Group (IELSG). Past President UICC. Past Chairman of the Scientific Committee of the European School of Oncology (ESO) and President of the World Oncology Forum (WOF).
<b>Andrés Cervantes</b>	ESMO president 2023-2024 Professor of Medicine at the University of Valencia. Head of the Department of Medical Oncology at the University Hospital in Valencia	My main areas of research and clinical interest are gastrointestinal and gynecologic malignancies as well as early clinical trials and new drug development. Dr. Cervantes is currently President (2023-2024) of the European Society for Medical Oncology (ESMO). He has been serving ESMO in different working groups (e-learning and CME) and committees (Education and Guidelines) since 2000. I am also a board member of the International Cancer foundation.
<b>Andreas Charalambous</b>	President - European Cancer Organisation Professor of Oncology and Palliative Care – Cyprus University of Technology	As President of the European Cancer Organisation we work towards reducing the burden of cancer, improving health-related outcomes and providing quality of care for cancer patients, through multidisciplinary and multiprofessionalism. As the not-for-profit federation of member organisations working in cancer at a European level, we convene oncology professionals and patients to agree policy, advocate for positive change and be the united voice of the European cancer community.
<b>David Collingridge</b>	The Lancet, London	Editor-in-Chief, The Lancet Oncology. Publishing Director, The Lancet Group. Visiting Professor of Global Oncology, King's College London, UK.
<b>Tania Crombet Ramos</b>	Center of Molecular Immunology, Havana	Medical Director of the Molecular Immunology Center, a Cuban institution devoted to the development of innovative products for cancer immunotherapy including therapeutic vaccines, monoclonal antibodies and immunomodulatory molecules.
<b>Roberto de Almeida Gil</b>	Instituto Nacional de Câncer – INCA Rio de Janeiro	General Director at the Instituto Nacional de Câncer – INCA. MD, clinical oncologist. Member of the American Society of Clinical Oncology (ASCO), Member of the European Society of Clinical Oncology (ESMO), Former President of Brazilian Society of Clinical Oncology (SBOC) and Founder Member of Brazilian Group of Gastrointestinal Tumors (GTG – Brazil).
<b>Lívia de Oliveira Pasqualin</b>	Instituto Nacional de Câncer – INCA Rio de Janeiro	International Affairs Specialist at the National Cancer Institute, Brazil. MSc in Global Health. Negotiates and manages international cooperation projects in health, including initiatives with Portuguese speaking African Countries. Researches global health and innovation.

### PARTICIPANTS LIST – WOF

<b>Silvia de Sanjosé</b>	Consultant USA National Cancer Institute & ISGlobal, Barcelona	After more than 20 years of dedicated research on Human Papillomavirus (HPV) and its role in preventing related human cancers, I have been a consultant at the National Cancer Institute (NCI) since July 2020. My primary focus is contributing to the Moonshot initiative to prevent cervical cancer in low- and middle-income countries (LMICs). Additionally, I play an active role in shaping the World Health Organization's living guidelines for cervical cancer screening.
